

Emotion Regulation Task

- Participant briefing
- We will practice together after this overview

Why We Do This

- Learn how people feel when viewing pictures
- Your answers help us understand emotions in the brain
- There are no right or wrong answers

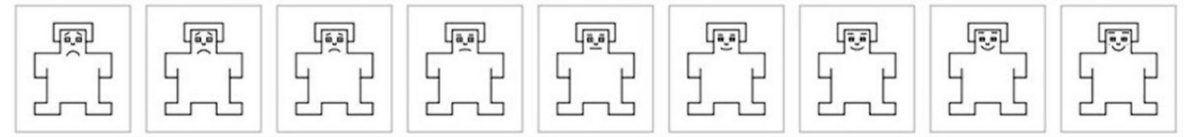

What You Will See

- A series of pictures (people, places, everyday scenes)
- Some may feel pleasant, unpleasant, or neutral
- All reactions are okay

How You Will Respond

- After each picture, choose one of nine cartoon figures
- Left = very negative, middle = neutral, right = very positive
- Press the button that matches how you feel

Two Instruction Types

- Feel freely: notice your feelings without changing them
- Tone down: try to make feelings calmer and less intense

Instruction Screens

- You will see one of these before each picture

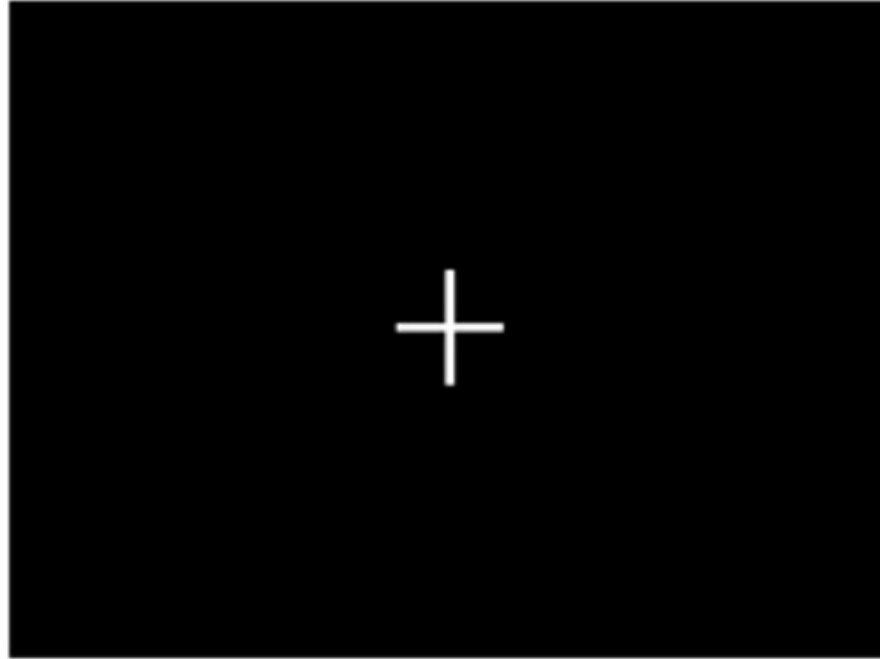

Feel freely

Tone down

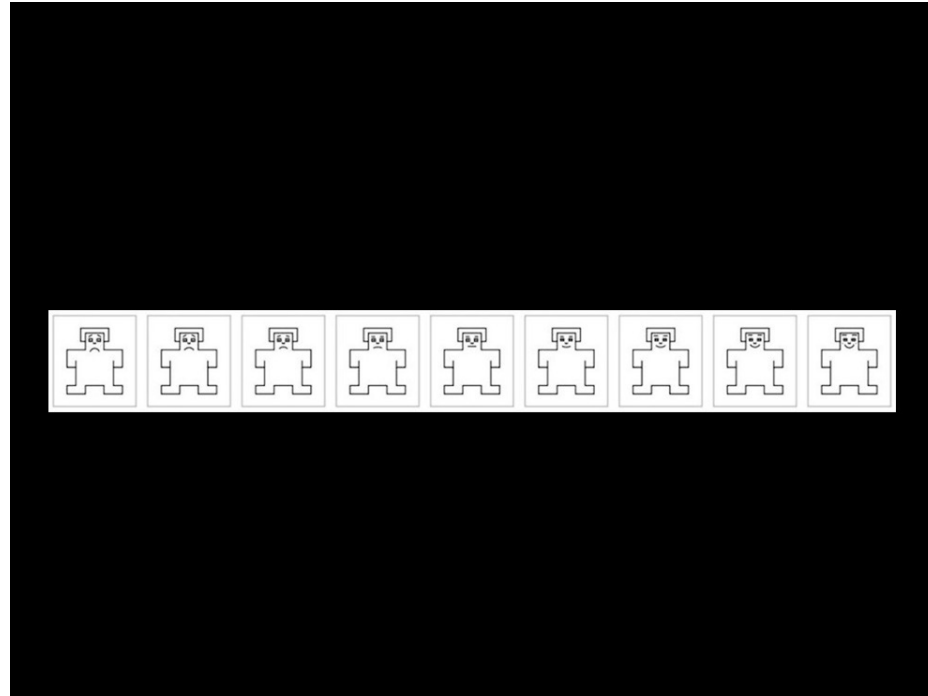

Relax Screen

- A cross (+) appears between pictures. Just relax and look at it.

Rating Screen Example

- After each picture, choose the figure that matches how you feel

Timing And Breaks

- 120 images total
- 4 blocks of 40 pictures (about 5 minutes each)
- Break after each block as long as you need
- Total task time about 20 minutes

Your Comfort Matters

- You can pause, take a break, or stop at any time
- Tell us if anything feels uncomfortable
- Thank you for helping with this study
